

What is your most memorable experience you have had so far in this 2007 tournament season?

Dave Anderson – Probably the most memorable moment in this 2007 tournament season was when we went to Chamberlain, SD; a week or two before we got there it was about 80 degrees but when the tournament started the temperatures dropped and it was so cold that we ended up with only a one day tournament. This was a weather related memorable experience. Chamberlain, was a pretty good tournament for me even though it did end up being a one day tournament. I ended up in 19th place. At least we had pre-fished in decent weather before it got so cold so, that sort of stands out. As far as fishing goes, Winneconne was a good place. Fishing here at Cass Lake, is a lake I really love to fish. Fishing with large minnows is one of my favorite ways to fish and that is the type of fishing we have here. I really enjoy Cass Lake and I look forward in doing well in this particular tournament. Dryden, Ont. was a memorial place because there were a lot of hazards and that made it really a challenge. The clarity of the water was like chocolate milk. We caught a lot of fish up there but navigating the system was difficult so I would have to say that was one of the more memorable fishing experiences of 2007.

Tom Gatzke – The most memorable experience I had in the 2007 tournament season, was the Chamberlain, SD tournament. On the day of the tournament I went out fishing in 25 degree weather with 20 mph winds and when I went out in the reservoir the spray from the waves formed on my boat a quarter of an inch of ice and my whole rain suit and every part of my body was covered in ice. That is something I will never forget. This is not about a fishing experience but it is definitely the most memorable experience of 2007 season!

Jay Weber – My most memorable moment of the fishing season 2007 is probably fishing Mille Lacs Lakes and finishing was a check and catching a walleye with about 5 minutes to go. This 19 ½ inch fish actually put me in the money, placed me in 25th place and helped me make it into the PWT Championship, which will be held May 16th – 18th at Saginaw Bay. I guess that would be my most memorable moment.

Pete Harsh – My most memorable experience of the 2007 tournament year would have to be winning the FLW Walleye Tour tournament at Devils Lake, ND where I picked up a check for \$85,000. This is the largest amount of money I have ever won! That certainly was the most memorable occasion that I will never forget. I started in 22nd place and then qualified in 3rd place because we were a day short due to bad weather and we fished only two days to qualify. The last day was one of those few days where everything goes right, right from the start and it only gets better. It was an exciting time. I won another smaller tournament, for the 7th Annual Wal Mart Bays de Noc, MI Walleye Classic that I partnered with my long time hunting and fishing buddy, Lynn Hanisko. We had 5 fish, almost 27 lbs. That was another one of those days when things just went perfect. I have had a few days in between where things did not go so good but, that is tournament fishing.
