

The "Migration Open", as this tournament is nicknamed, had proven to be fitting on this day in July. There were numerous reports of 30-40 pound 5 fish bags in the weeks leading up to the tournament by tournament pre-fishers. The fish were plentiful, but the "Big Eyes" were definitely on the move. Spoons and Harnesses were the bait of choice in the majority of the field. 123 Walleye were brought to scale totaling 402.74 pounds.

**Lake Erie at Geneva July 7, 2007**
